### PROFILE

Results-driven Full-Stack Developer specializing in the MERN stack with hands-on experience building scalable web applications. Skilled in frontend architecture, API integration, and performance optimization. Experienced with modern CSS frameworks and WordPress, delivering clean, production-ready solutions. Adaptable problem-solver focused on high-quality software development.

### WORK EXPERIENCE

#### Freelancer | Mar 2025 - Present | Remote Software Developer

- Worked remotely with European clients while relocating to Germany
- Adapted projects to GDPR compliance and European hosting standards
- Developed and deployed full-stack web applications using MongoDB, Express.js, React, and Node.js
- Built responsive UI components in React with reusable architecture and performance optimization
- Designed REST APIs and integrated third-party services for payments, authentication, and analytics
- Implemented secure authentication systems using JWT / OAuth
- Managed cloud deployment using Vercel / Render / AWS / DigitalOcean

#### Atom Aviation Pvt Ltd | New Delhi, India | SEP 2024 - MAR 2025 Software Developer

- Developed and optimized user interfaces for drone inspection software, enabling reliable live flight monitoring and real-time data capture
- Integrated REST APIs with Redux-based state management to ensure stable data flow and real-time system updates
- Collaborated with backend teams to connect live drone sensor feeds and mapping systems for accurate inspection visualization
- Designed interactive dashboards to present flight trajectories, coverage analytics, and live video insights for operational decision-making

#### Brand Mechanics | Dubai | APR 2023 - SEP 2024 FULL STACK WEB DEVELOPER

- Develop and maintain strong relationships with partners, agencies, and vendors to support marketing initiatives.
- Delivered complex features in agile environments with focus on performance and usability
- Wrote clean, maintainable code following best practices and coding standards
- Optimized APIs and application performance for speed and reliability
- Collaborated with cross-functional teams to deliver high-quality releases
